

Full-stack software engineer with a passion for building web applications. Experienced in .NET and Web technologies, with a strong commitment to learning and staying updated with emerging technologies.

Work Experience

Associate Consultant Genworth USLI team	Capgemini Mumbai, Maharashtra	Sep 2021–Present Apr 2023–Present
<ul style="list-style-type: none">Developed and maintained .Net Core Web Application.Implemented automatic deployment using Jenkins and GitLab Pipelines.Managed Version Control using GitLab.		
RBC development team	Bengaluru, Karnataka	Sep 2021-Apr 2023
<ul style="list-style-type: none">Developed and maintained Web Application using Asp.Net MVC and .Net Core.Conducted unit testing and integration testing using NUnit, and MSTest, ensuring robustness and reliability of applications.Implemented automatic job scheduler creation for backend processing.Implemented automatic deployment of applications using Jenkins and UCD.Managed Version Control using GitHub and Git.		
Developer Aptech development team	CF Technology Andheri, Maharashtra	2019–2021
<ul style="list-style-type: none">Developed ASP.Net Web Applications with responsive Layouts.Collaborated with the team for requirement gathering and analysis.Conducted Manual Testing, Bug fixing and created automation console applications.Created analysis reports using SSRS and SQL Server Jobs.		
Software Developer Intern	the Sparks Foundation Online internship	Winter 2018
<ul style="list-style-type: none">Credit Management Web Application, Employee Data CRUD Operation using REST API.		

Education and Certifications

• P.G. Computer Science , IIIT Bangalore, Karnataka.	2021–2022
• B.E. Information Technology , University of Mumbai, Maharashtra.	2013–2017
• Microsoft Certified: Azure Fundamentals , Certification Number: I367-3459	July 2022
• Microsoft Certified: Azure Developer Associate , Certification Number: I383-6362	Aug 2022

Technologies and Languages

- Languages: Java, C#, JavaScript, SQL
- Technologies: Web Services, PL-SQL, NHibernate, Entity Framework, Microsoft Azure
- Frameworks: ASP.Net MVC, ASP.Net Web API, Angular, JQuery, .Net Core, Azure
- Version Control: Git, GitLab
- CI/CD: Jenkins, UCD
- Other: OOPs Architecture, SDLC, SOLID principles, Agile Methodology, Data structures and algorithms, .NET Architecture, IIS Configuration

Projects

- Capstone Project (BookMyConsultation)** – A microservice-based application to consult online Doctor by checking Doctor availability, get prescription via mail and rate the consultation experience post the appointment.
- A Data Profiling Tool** - Data profiling is the process of examining the data available in an existing data source (e.g., a database or a file) and collecting statistics and information about that data. The project Data Profiling Tool is developed to perform the data profiling activities.

Other Sections

- **Extracurricular** – Participated in Big Data Workshop
(Held on 18th and 19th March 2016 at Shree L.R. Tiwari College of Engineering)
- **Awards** - First place in technical festival NOVA 2K15 (Blind Coding)
