Minakshi Singh

Full Stack Developer | C# | ASP.Net MVC | ASP.Net Core | Azure DevOps
Mumbai, Maharashtra, India

Summary

Software Developer | Cloud Computing | Lifelong Learner

With over 5 years of experience in designing and developing robust web solutions, I am a dedicated software developer passionate about cloud computing. My expertise spans across Java, C#, SQL, MVC, .NET Core, JavaScript and Azure DevOps, and I am committed to continuous learning and growth in the tech industry.

I hold a Post Graduate Diploma in Software Development and Cloud Computing from the International Institute of Information Technology, Bangalore. As an effective team player, I excel in both frontend and backend architecture, with a strong foundation in responsive web design.

Areas of Expertise:

- Responsive Web Design
- Frontend and Backend Architecture
- Cloud Computing

Technical Skills:

Languages: Java, C#, JavaScript, CSS, HTML
Frameworks: ASP.NET, ASP.NET MVC, ASP.NET Core
Database: MS SQL Server
DevOps: Jenkins, UCD, Azure

Feel free to connect with me at minakshi.a.singh@outlook.com.

Experience

WNS
Assistant Manager

June 2024 - Present (1 year 1 month)

Mumbai, Maharashtra, India

Achieved a remarkable milestone at WNS by independently creating a history update script in SQL to enhance database efficiency, resulting in elevated client satisfaction levels

Recognized by the supervisor for a positive attitude, rapid learning, and commitment to excellence

Demonstrated a commitment to the organization's values by successfully automating SAS Key generation for the client's, resulting in recognition from senior management

Capgemini

Associate Consultant

September 2021 - May 2024 (2 years 9 months)

Navi Mumbai, Maharashtra, India

Contributed as a .NET developer for two major Clients: Genworth USLI and Royal Bank of Canada (RBC), utilizing C#, ASP.NET Web Forms, Web API, Web Services, .NET Core, and MS SQL Server

Earned recognition from RBC for the successful completion of a 6-month SQL migration task on the SQL Server platform

Led the migration of all applications to GitLab for Genworth, enabling automatic deployment process

Collaborated with Cross-functional teams to ensure seamless project delivery and client satisfaction

Aptech

Developer

January 2019 - August 2021 (2 years 8 months)

Mumbai, Maharashtra, India

Integrated new modules and maintained existing features of ASP.NET Web Applications according to company coding guidelines, resulting in the addition of custom features as needed

Key role in successfully implementing the new KFC (Kerala Flood Cess)

Tax on time, earning client praise by gathering, analyzing requirements, and applying a 1% tax rate

Boosted system stability significantly by executing comprehensive manual testing, automating through a custom console application scheduler

Utilized SSRS and SQL Server Jobs to automate student certificate generation and generate analytic reports to identify top 20 centers in the education sector based on revenue

The Sparks Foundation

Web Development Intern

October 2018 - December 2018 (3 months)

Credit Management Application

◇ Created a simple dynamic website Credit Management, in which credit points can be transferred from one user to another user.

Payment Gateway Integration

◇ Created a simple website where payment gateway is integrated.

REST API Creation

◇ Created a REST API for basic CRUD operation.

Education

International Institute of Information Technology Bangalore

Executive PGP in Software Development, Computer Science · (2021 - 2022)

University of Mumbai

Bachelor of Engineering - BE, Information Technology · (2013 - 2017)
